Report of Shane Hanlon

Shane reiterated the referee qualification process, and ensure your officials are participating in the process.

In September, Shane creates a 50 question exam for the referee associations. He provides a link to the rule book, and a summary of the ACHA referee rule differences. There is also a rule exam at the end of the summer.

You need to buy the patch for \$6.50, other than that there is no other cost to the officials.

The referees and the linesmen all should be covered by the program.

USA Hockey has endorsed our program as a good program.

Andy Dickerson was introduced to present the bid for San Jose State University to host the 2010-2011 national championship tournament.

The motion to accept the San Jose bid was accepted unanimously.
